

YANMAR RHINO VSM 120

£POA

The RHINOCEROS VSM120 mini excavator is the same size as the XN 08 model (93cm fixed frame).

The VSM120 mini excavator weighs 1000 kg and has a YAMAR engine EURO 5 standard).

?

The VSM 120 is equipped with water cooler (engine and hydraulics), glow plug and battery switch. Its three-cylinder engine makes the Mini Excavator more flexible and manoeuvrable than the XN 08, making it ideal for professionals.
